

Parking

Proposed Parking: One Parking Space per Residential Unit

What do you think?

Currently: All new residential development in Arlington is required to provide a certain number of off-street parking spaces for use by residents of the new building. Current requirements vary from 1-2 parking spaces per residential unit, depending on the size of the home.

Parking - it should allow overnight on street parking on the street and not just for the street.

I think you have to have a lot of parking spaces in the area.
